- **Alfalfa Seed** Includes inoculation -

Western Favorites	Per Pound	Per 50 Pound Bag
Surpass: One our best, long term yielding varieties which has been hard to beat in any locality	2.60	130.00
Treasure Valley Blend: Blend of Surpass, Vernema and Perry which has been a mainstay for the past 10 years.	2.60	130.00
Rustler: If you require most recent genetics, most disease resistance, maximum yield , this is it.	2.65	132.50
Vernema: Leafy, stem nematode resistant, variety suitable for all Intermountain irrigated locations	2.60	130.00
Perry: For when drought stress is of consideration	2.60	130.00
Agate	2.60	130.00
Hardy Varieties		
Vernal: 'Old standby' for fine quality hay in severe climates	2.60	130.00
Wrangler: Forage quality and persistence similar to Vernal but with phtopheria root resistance.	2.60	130.00
Drought Tolerant Alfalfa		
Nomad: Deep rooted for rangeland plantings	2.60	130.00
Orestan: Excellent salt ground tolerance similar to old Lahontan	2.60	130.00
Pasture Mixes		
Grass Pasture: Tall fescue, orchard grass, Johnston, brome grass blend for western soils	1.45	72.50
Horse Pasture: Same as the Grass Pasture Mix but tall fescue eliminated.	1.45	72.50
Rangeland: For 9—11 inch rainfall	2.20	110.00
Dryland: For 11—15 inch rainfall	2.05	102.50
For Home Yards & Lawns		
Lawn Mix: 1/3 KY Bluegrass, 2/3 Pinnacle Perennial Ryegrass	2.00	110.00
Kentucky Bluegrass: 98/85	2.00	100.00
Creeping Red Fescue: Narrow bladed grass for shady spots and orchards	1.30	65.00
