

Farm Bureau Members Pay Less For Propane

AmeriGas
America's Propane Company

A new benefit started May 1, 2006 where Farm Bureau members pay **10 cents less per gallon** of AmeriGas Propane than residential tier regular customers with a supply agreement and equipment lease. Farm Bureau members currently receiving tiered pricing from Amerigas can still take advantage of this deal. This offers cannot be combined with AmeriGas's "Price Lock Gaurantee" Program. For questions, call Joel Benson at (208) 239-4289.
