*Available, but excluded from Idaho Farm Bureau 15% discount. Include \$5.00 S&H for all orders.

- **Very easy to use!**
- **No thick manuals to read!**
- **Create itemized reports!**
- **Learn in an hour or less!**

EZ-Ranch was designed specifically for the livestock owners who keep track of their own expenses, income and livestock. Do you have boxes of receipts that have to be sorted and calculated every year? If so, this package is for you.

Times have changed and computers are being used more and more each day. Several computerized ranch

management software packages are available in magazines and on the web for purchase but are very difficult to use and do not offer "itemized" profit and loss and livestock tracking. EZ-Ranch software has been used by several livestock owners that have never even turned a computer on and the response was phenomenal!

- **Design your own categories!**
- **Easy search features**
- **Create itemized reports!**
- **Pre-designed Schedule**
- **F-1040 categories!**
