

The Largest Industrial Product Supplier in the United States

Farm Bureau Deal

Nationwide, this is one of the most sought out discount programs among Farm Bureau members. Many use this program to buy tools at incredible prices, while others use it to order all their industrial supplies for their businesses or farm operations (which is perfectly allowed).

There are two major reason why this program is so popular. First, because Farm Bureau's national account is so large, its members pay at least 10% less that Grainger's already low catalogue prices. Second, if a Farm Bureau member places an order through www.grainger.com, all of the shipping fees are waived. That's right. NO SHIPPING FEES regardless of how heavy your items are.

How does it work? (Nutshell Version)

Step 1: Call Brittainy Burton-Pruitt at Grainger (888) 838-1933 ext. 315 and give her Idaho Farm Bureau Federation's account number **ID#855920930**. She will quickly set up your Grainger account where you will be given a specific username and password.

Step 2: Go to www.grainger.com (enter your username & password) and enjoy discount shopping. You can use the search feature to go right to the products you are looking for and the discount prices will appear instead of the regular prices after you have entered you username and password.

How long does it take to arrive?

It is pretty fast. There are Grainger stores in Boise, Spokane, Ogden, and Salt Lake City so it usually comes in just a day or so.

What if I want to talk to someone on the phone about a product?

No problem. The number to call when inquiring about products is **1-877-202-2594**. An operator can help you locate just what you are looking for. You can also place your orders over the phone if you like and still get the discount price, but free shipping only applies to orders made online.

How do I set up a free Grainger account online?

(It takes a few minutes the first time, but is a piece of cake after that! If you are uncomfortable with online registration processes you can call Brittainy Burton-Pruitt at 1-888-838-1933 ext. 315 for assistance on setting up your account over the phone).

Step #1: Go to www.grainger.com.

Step #2 Under Log IN "left upper area of screen" click on Not Registered Yet and you'll see the following box:

Step #3 Enter the Idaho Farm Bureau Federation account number **ID#855920930**

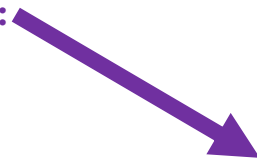

Step #4 After you press Register it will ask you for some personal information. Where it says Company Name write Farm Bureau. *****For everything else use your own personal information*****. For example where it asks for company phone number, don't put Farm Bureau telephone number, put

your own phone number. The same applies for addresses, emails, credit card etc... Write down your username and passwords on a piece of paper so you won't forget when shopping.

Do you want a free Grainger catalogue sent to your home?

Click On This Bar:

How do I check prices or purchase items using my discounts?

Once you have set up an account it's pretty easy. If you like the telephone, call **1-877-202-2594**, tell them you have an account with them and then ask them about the product you are interested in.

If you prefer the freedom of the internet. Go to www.grainger.com, enter in your username and password, and then shop! Again, shipping is free using this online service.

For assistance with your account or questions, Idaho Farm Bureau members have a Dedicated Account Manager. Her information is below:
