

# Farm Bureau® Discount RX Card

## What is the Farm Bureau Pharmacy RX Card program?

Idaho Farm Bureau members can get contracted rates for thousands of prescription drugs. While this is NOT an insurance program, it is a free program to Idaho Farm Bureau members and has the potential to save money through 153 local Idaho pharmacies.

## Does this program guarantee I will save money on my specific prescriptions?

Perhaps. It really depends on which prescriptions you use and what program, card, or coverage you already use to pay for your prescriptions. **At Farm Bureau, we are simply offering you an additional path for your use to see if you can save any additional money on your prescriptions.** The best part about this program is that members can quickly run a price check that only takes a few minutes and does not require filling out any lengthy forms.

## How does it work in a nutshell?

1. First, you simply type in your prescription and zip code on Farm Bureau's search website (*see below*) to get an **estimate** of what that prescription would cost at a local participating pharmacy.
2. Next, if that price is lower than what you are already pay, call the local participating pharmacist and give them the following three items of information:  
*Program Name: UNA RX Card*  
*Rx BIN #:610709*  
*Rx Group#:FBRXID*  
Ask them to confirm actual pricing. If your pharmacist has any questions they can call a pharmacy help line at 1-877-321-6755 for assistance.
3. Finally, if the confirmed price for your prescription is less than what you already pay, print off a personalized pharmacy Farm Bureau card, take it to that pharmacist, and receive the discounted contracted rate. That is all there is to it!

## What do you want to do?

**I want to check price estimates at my local participating pharmacies and print out a free personalized Farm Bureau pharmacy card.**
