CALL MARKET DIRECT FLEET FOR A FREE CONSULT AT 208-478-4500

We offer:

- Outstanding service exemplified by thousands of vehicle deliveries to several dozen companies throughout the United States.
- Access to more pre-owned vehicles than any other known fleet supplier in the country..
- Extensive experience in transportation and logistics with deliveries in as little as 5 business days.
- Competitive pricing on every vehicle delivered.
- Vehicle deliveries in all 50 states as well as overseas.
- Consistently high vehicle quality.
- We have access to more vehicles of every year, make, model and mileage than any other known supplier in the United States. We procure from a wide range of sources, the compilation of which totals in the hundreds of thousands of cars and trucks available at any given time.
- We work directly with the remarketing teams of almost every major rental and leasing company in the country. We also purchase vehicles from manufacturers, fleet managers, auctions and a network of thousands of dealers from coast to coast. If it exists, we will find it!
- We understand that each vehicle has to be ready to perform as soon as it hits the ground. We have delivered thousands of vehicles and know that our survival depends on being able to deliver consistent vehicle quality.
- We take the time with each and every unit to ensure that:
 - We describe each vehicle accurately to our clients prior to purchase.
 - Every unit is serviced and clean prior to delivery.
 - No unit we deliver has salvage, fire, flood or rebuilt title histories.

Savings

- We offer unparalleled savings to your fleet's bottom line on two levels.
- We allow vehicle depreciation, your largest expense, to work for you.
- Second, we consistently deliver high quality vehicles for \$1,000 to \$2,500 under your local retail market pricing.
- One key to this critical aspect of our business is the time we spend on each order. We spend several hours researching prices and availability, and look at vehicles from as many as 20 regional markets before filling an order. When we deliver a vehicle, we state with confidence that the unit provided represents the best possible vehicle at the very best possible price.

- Another key to our pricing is our experience. With 20 years of vehicle purchasing experience, we know where to look to find what you need for the lowest possible price.
- The final key to our unbeatable pricing is our low overhead. We do not carry inventory, we do not advertise and we do not have a fancy retail dealership to maintain. We pass the savings directly to our clients.

Customer Testimonials

“Purchasing our vehicles through Market Direct has saved us THOUSANDS of dollars per car ...the vehicles have all been high quality and low mileage and look great, too! Adam has been able to find vehicles for Varsity from coast to coast. He has become knowledgeable to our fleet needs...(and) is a great problem solver....he is very professional and knowledgeable and a pleasure to work with.”

Dee Smith - Varsity Contractors, Inc.

“Market Direct Fleet has not only proven their value time and time again to our company, but they have become an integrated partner by providing us quality vehicles, outstanding service and unsurpassed responsiveness. With Market Direct, we have access to the same inventory that the largest companies have, but we have the service, personal touch and pricing that only Adam and company have been able to provide. Our only regret is that we didn't discover them earlier!”

Tyson Lee - System 1, Inc.

“Adam at Market Direct Fleet has been an incredible asset to our company. His vast market knowledge and professionalism have produced results that have consistently and substantially drawn down our bottom line expenses. The vehicles are exactly what his company represents, and the service has been second to none. Great job!”

Leon Shelton - Waste Solutions, Inc.

“We had determined that we needed a fleet of used vehicles for our Energy Group at Mortenson Construction. Working with Market Direct Fleet has proved to be the answer to the question, ‘Where do we get a large quantity of used vehicles?’ Market Direct Fleet has consistently been able to supply us with pick up trucks with specifications matching our requests at jobsites throughout the country. Not only does Market Direct Fleet provide us with vehicles when and where we need them, they also interface very cleanly with GE Fleet, our leasing company, to handle all the paperwork. Because of the excellent service, we have expanded our used vehicle purchases to other operating groups within our company. It is a pleasure to work with a company that takes the time to know what a customer needs and then locates and delivers units in a timely manner. Market Direct Fleet offers a great service, and I would recommend them to any fleet manager.”

Nancy Bagley - Mortenson Construction

“In 2006 our management decided we needed some used vehicles in our fleet. After spending hours on the internet, I realized I couldn't find the vehicles we needed on my own. Contacting Market Direct Fleet has been a large timesaver. The vehicles I purchase are exactly as represented and the service is excellent.”

Patty Palmer, Fleet Manager - Walco International Inc.

Market Direct Fleet is always accurate, prompt and price competitive. This allows the staff at Endeavor to concentrate on other aspects of the transaction or additional clients: we know our Customer is going to get the vehicle(s) that they requested. Market Direct is simply the best at what they do and working with them helps us to be the best at what we do.”

John Doerr - Republic Fleet Services
