

The Idaho Farm Bureau is connected to “company promotions” for Utah Jazz games during the 2016-2017 season.

Company promotions are not necessarily a straight discount percentage like other Idaho Farm Bureau member benefits (although many games have a 10% discount).

Through this link, the Utah Jazz will change promotions as the season progresses. Some offers may be for single games and others for packets of games.

WRITE DOWN IDAHO FARM BUREAU PROMO CODE: JM7046

To access company promotions, click on blue bar below. When Jazz picture appears, scroll down. Our account manager’s name (Mikal Kelaidis) will appear.

Step-by-step instruction are listed below for your assistance.

Steps to take advantage of discounts

Good for Upper and Lower Bowl Tickets

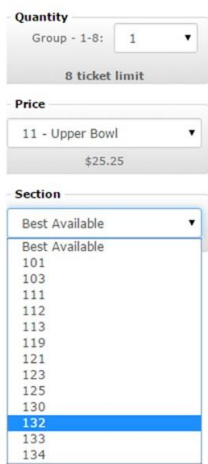

Step #1: Select specific game or game package and click on “BUY”.

Step #2: Write down what PRICING LEVELS are discounted. These are not seating sections. You’ll need this information for the next step.

Place Promo Code **JM7046** in promo box and press “Next”.

Step #3: Choose quantity of tickets.

For discount seats, select one of the discounted PRICING LEVELS that was listed on the previous screen (this will highlight all the seating sections that have tickets for that specific price).

Click on “Best Available Seats” to get best seats in that price range or manually select seating section.
